POLICY STATEMENT

It is the purpose of this agreement to establish a procedure to provide a City-wide Sick Leave Pool (SLP) to be used by employees, including management employees of the City of Plattsburgh under those limited circumstances when an employee has exhausted his or her leave benefits as a result of a catastrophic injury, illness or disease to his/herself or the employee's immediate family.

REASON FOR POLICY

The Sick Leave Policy exists to assist City employees who have suffered a catastrophic illness or injury as defined in the Appendices under Definitions.

PROCEDURES

1. Open Enrollment

Open enrollment in the Sick Leave Pool (SLP) will be held bi-annually at the same time that healthcare enrollment takes place, currently in June and December. Employees may apply for membership to the SLP only during these two enrollment periods.

2. Applying for Membership

Employees may apply for membership to the SLP during the SLP open enrollment period. Upon acceptance into the SLP, a required eight (8) hours of sick leave (pro-rated for part-time) will be automatically deducted from each new member's sick leave balance.

To join the SLP, an employee must:

- Meet the eligibility criteria to be granted SLP membership.
- Complete the Sick Leave Pool Membership Application
- Submit the completed Sick Leave Pool Membership Application to Human Resources.

3. Eligibility Criteria

To be eligible for membership in the Sick Leave Pool, an employee must meet all of the following criteria:

- All City Permanent Full-time (P/FT) and Permanent Part-Time (P/PT) union employees, including those on probation, are eligible to participate in the employee sick leave pool after completion of one year of continuous service with the City.
- Temporary employees are not allowed to participate. Provisional employees are not allowed to participate.
- Management employees are eligible to participate in the sick leave pool upon completion of one year of continuous service with the City in a P/FT or P/PT capacity.
- Employees must have a minimum sick leave balance of (40) hours for P/FT employees (pro-rated for part-time)
- Employee must apply for membership within the enrollment period.
- Employee must contribute the required number of hours to the pool upon enrollment.
- Employee must contribute the required number of hours needed to replenish the pool from time to time.

4. Contribution of Sick Leave Hours to the Sick Leave Pool

Guidelines

- A member who requests use of sick leave hours from the SLP is not required to replace those hours except as a regular contributing member.
- Sick leave pool hours contributed to the SLP become the property of the pool.
- All contributions will be voluntary.
- An employee may not donate sick leave time for use by a specific individual
- A member is not entitled to a refund of hours contributed to the pool, even if the member reduces FTE, terminates, transfers, or does not ever utilize hours from the pool.

Contribution of Hours upon Admittance to the SLP

- Upon admittance to the SLP, each new member is required to contribute eight (8) hours of sick leave to the SLP; this amount is pro-rated for part-time employees.
- This required contribution will be automatically deducted from the new member's sick leave balance prior to the effective date of membership.
- Contributions will be hour for hour regardless of the rate of pay.

Contribution of Hours Due to SLP Replenishment

APPENDIX E - DOT Drug & Alcohol Testing

CITY OF PLATTSBURGH
ALCOHOL AND DRUG POLICY

1. PURPOSE:

This policy outlines the City of Plattsburgh's standards on the prohibition of alcohol and drugs in the workplace. The City of Plattsburgh has a vital interest in maintaining safe, healthy, and efficient work conditions for all. The purpose of this policy is to establish a City-based alcohol and drug testing program to help prevent accidents and injuries resulting from the misuse of alcohol and drugs by a covered driver/employee of commercial motor vehicles in compliance with the Department of Transportation Regulations codified at 49 CFR Part 40, 49 CFR Part 382, and pursuant to The Omnibus Transportation Employee Testing Act of 1991, enacted October 28, 1991. All of these efforts will contribute to a safer work environment and protect our employees and the public from the risks posed by the misuse of alcohol and drugs.

2. POLICY:

This policy is based upon the City of Plattsburgh's continuing effort prohibiting the use of alcohol and drugs on the job, the Federal Drug-Free Workplace Act of 1989, City of Plattsburgh's Drug Free Workplace Policy and the Omnibus Transportation Employee Testing Act (OTETA). The OTETA will take effect for the City of Plattsburgh's department January 1, 1996. The City will comply with United States Department of Transportation (USDOT) rules which mandate pre-employment, post-accident, random, reasonable suspicion, return-to-duty and follow-up drug and alcohol testing of employees in various safety-sensitive positions requiring the possession of a commercial driver's license. Employees determined to be in safety-sensitive positions will be notified of their status and responsibilities prior to the implementation of any drug and alcohol testing programs. The definition of safety-sensitive functions for the purpose of this policy is defined as set forth at Appendix 1(m) of this policy.

Employees may voluntarily seek assistance in dealing with drug and alcohol dependency problems through the City's EAP. The City of Plattsburgh maintains an EAP to help, counsel and advise employees with drug abuse, alcohol, personal, social, or mental problems. It is completely confidential. It is important to emphasize that employees with drug and/or alcohol problems who wish to avail themselves of rehabilitative services under the EAP or any other rehabilitation program should pursue help before they are determined to be in violation of the City's Drug and Alcohol Policy.

3. EMPLOYEE RESPONSIBILITIES:

It is the policy of the City of Plattsburgh that:

1. No employee shall use, sell, distribute, dispense, possess, or manufacture any alcoholic beverage or illegal drug or any other intoxicating substance on a job site, or department property while on duty; or while in a city vehicle, a vehicle leased for city business, or a privately owned vehicle being used for City business during the employee's work hours. It shall not, however, be a violation of this policy for a covered drivers/employee to have an unopened container of beer, wine, or other alcoholic beverage stored in a privately owned vehicle.
2. No employee shall report to work unfit for duty at the beginning of a shift upon returning from any break, lunch, or rest period, as a result of consuming alcohol, illegal drugs or other intoxicant. Further, no employee notified of being in a safety sensitive position as defined by the Omnibus Transportation Act of 1991 shall report to work in a condition that violates that Act and the corresponding rules.
3. Effective January 1, 1996, an employee notified of being in a safety sensitive position as defined by the rules of the (OTETA) is further prohibited from the use of alcohol four (4) hours prior to operating a Commercial Motor Vehicle (CMV). No supervisor having knowledge that an employee in such a position has used alcohol within (4) hours shall permit that employee to operate a Commercial Motor Vehicle.
4. A covered driver/employee shall not report for duty or remain on duty requiring that performance of safety-sensitive functions when the driver/employee is using drugs, except when the use is pursuant to the instructions of a physician who has advised the driver/employee that the drug does not affect the driver/employee's ability to safely operate a commercial motor vehicle. The City will not permit a covered driver/employee to report for duty or remain on duty requiring the performance of safety-sensitive functions if the City has actual knowledge that the driver/employee is using drugs, except when the use is pursuant to the instruction of a physician who has advised the driver/employee that the drug does not affect the driver/employee's ability to safely operate a commercial motor vehicle.
5. Independent of the requirement of the Omnibus Transportation Employee Testing Act of 1991 and the Regulations promulgated hereunder, the covered driver/employee must notify the Medical Review Officer (MRO) that he/she is using a controlled substance pursuant to the instructions of a physician where the physician has advised the driver/employee that the substance may adversely affect the driver/employee's ability of safely operate a commercial motor vehicle. The covered driver/employee shall also report to the employer directly the fact that he/she is taking medication that could adversely affect the driver/employee's ability to safely operate a commercial motor vehicle.
6. An employee must notify his/her supervisor of any criminal drug statute conviction, which results from a violation occurring in the workplace no later than

five days after the date of such conviction. A supervisor notified of such a conviction shall relay the information to one of the Department Managers.

7. Effective January 1, 1996, an employee notified of being in a safety sensitive position as defined by OTETA may be directed to undergo alcohol and/or drug testing when the supervisor has "reasonable suspicion" to believe the employee violated the alcohol or drug prohibitions of the Act.

A reasonable suspicion must be based on specific, contemporaneous, articulable, and reliable observations about the employee's appearance, behavior, speech, or body odors. Some examples would be unsteady gait, odor of alcohol on the breath, thick or slurring speech, aggressive or abusive language or behavior, disorientation, or lethargy.

8. Refusing to submit to an alcohol or controlled substances test at any time will constitute a positive test result for controlled substance and a .04 test result for alcohol.
9. Every employee that performs safety sensitive functions will receive a sixty (60) minute training class on the City of Plattsburgh's Alcohol and Drug Policy, the Employee Assistance Program (EAP) and the signs and effects of drug use in the workplace.
10. Violation of these rules may result in disciplinary action up to and including termination of employment.

4. SUPERVISORY RESPONSIBILITIES:

It is the policy of the City of Plattsburgh that:

1. Supervisors will receive a minimum of one (1) hour of training on alcohol misuse symptoms and indicators used in making determinations for reasonable suspicion testing and a minimum of one (1) hour training on drug misuse symptoms and indicators used in making determinations for reasonable suspicion testing.
2. Supervisors are responsible for determining through direct observation, whether there is reasonable suspicion to believe that an employee is not capable of performing his/her assigned duties because of being under the influence of alcohol and drugs (See # 7 of Employee Responsibilities Section)
3. Employees who are suspected of being unfit for duty may not remain at the workplace. Such incidents and situations as described in #2 above should be witnessed and documented in writing immediately and a higher level of supervision/management consulted. Clearly, an employee who appears to be impaired should not be allowed to drive home from the workplace.

4. Alcohol testing will be authorized only if the observations set forth above are made during, just preceding, or just after the period of the work day that the covered driver/employee is required to be in compliance with 49 CFR Part 382. A covered driver/employee may be directed to undergo testing while the driver/employee is performing safety-sensitive functions, or just before the covered driver/employee is to perform safety-sensitive functions.
5. If an alcohol test is not administered within two (2) hours following a determination that reasonable suspicion exists to believe that the alcohol prohibitions of this policy have been violated, the City of Plattsburgh will prepare and maintain on file a record stating the reasons the test was not promptly administered.
6. The City of Plattsburgh will not administer a reasonable suspicion alcohol test more than eight (8) hours following a determination that reasonable suspicion exists to believe that the alcohol provisions of this policy have been violated. Notwithstanding the absence of a reasonable suspicion alcohol test, the City will not permit any covered driver/employee to report for duty or remain on duty requiring the performance of safety-sensitive function while the driver is under the influence of, or impaired by, alcohol as shown by the behavioral, speech, and performance indicators of alcohol misuse, until an alcohol test is administered and the driver's alcohol concentration measures less than 0.02 or twenty-four (24) hours have elapsed following a determination that reasonable suspicion exists to believe that the alcohol prohibitions of this policy have been violated.
7. When an employee displays dangerous, aggressive, or abusive behavior due to the suspected influence of alcohol or a controlled substance, which constitutes a danger to that employee or others and the employee resists voluntarily leaving the workplace, the supervisor should immediately bring this to the attention of a Department Manager. Employee may be subject to disciplinary actions. In cases where the employee does not comply with disciplinary suspension or due to the time-of-day disciplinary suspension approval could not be obtained and the employee continues to display aggressive and/or abusive behavior, which constitutes a danger in the workplace, the supervisor may have to contact local law enforcement authorities to remove the employee from the workplace. Law enforcement intervention should only be taken if it is believed an immediate danger to persons or property exists and the other measures described above where unsuccessful in controlling the situation.

5. MANAGEMENT RESPONSIBILITIES:

It is the policy of the City of Plattsburgh that:

1. A drug and alcohol-free workplace be maintained through the efforts and personal example of management.
2. Appropriate corrective actions be taken with subordinate managers and supervisors who fail to perform their duties and responsibilities as outlined in this policy.

3. Management and supervisors discuss with subordinate employees any behavior or job performance factors that may indicate the use of drugs, alcohol, or other violations of this policy and when appropriate suggest that employees seek assistance through the Employee Assistance Program (EAP).
4. After January 1, 1996, managers will direct employees in designated safety sensitive positions to mandatory pre-employment/pre-duty, reasonable suspicion, random, post-accident, return-to-duty, and follow-up testing in accordance with the OTETA.
5. All employees and supervisors understand its Drug-Free Workplace policies and Drug Testing Procedures. All supervisors will be trained how to recognize behaviors that indicate reasonable suspicion for requesting drug and/or alcohol tests.

6. **TYPES OF TESTING:**

Pre-employment Testing: Prior to employment with the City of Plattsburgh, employment shall be subject to a controlled substance test when the position requires the employee to perform safety sensitive functions. Refusal to submit to such test will foreclose any further action on the applicant's employment for at least six (6) months.

All employees performing safety sensitive functions will be subject to screening under the circumstances below. Before the implementation of any such substance screening, each employee will be notified of their classification and if they are subject to the alcohol and drug policy

Post-Accident Testing:

A post-accident test is a test for alcohol and drugs administered following an accident involving a commercial motor vehicle to each surviving covered driver/employee:

- (1) Who was performing safety sensitive functions with respect to the vehicle, if the accident involved the loss of human life [see 49 CFR part 382, §382.303 (a) (1)]; or
- (2) Who receives a citation under State or local law for a moving traffic violation arising from the accident [see 49 CFR part 382, §382.303 (a) (2)].

The City of Plattsburgh will not administer a post-accident alcohol test more than eight (8) hours following the accident and will not administer a post-accident drug test more than thirty-two (32) hours following the accident. A covered driver/employee who is subject to post-accident testing shall remain readily available for such testing or may be deemed by the City to have refused to submit to testing. This will not be construed to require the delay of necessary medical attention for injured individuals following an accident or to prohibit a covered driver/employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident or to obtain necessary emergency medical care.

The results of a breath or blood test for the use of alcohol or a urine test for the use of drugs, conducted by federal, state, or local officials having independent authority for the test, will be considered to meet the requirements of the policy concerning post-accident testing, provided such tests conform to applicable federal, state, or local requirements and that the results of the test are obtained by the city.

Reasonable Suspicion Alcohol and Controlled Substance Testing: When there is reasonable evidence to suspect that a covered employee has reported to work, or is working impaired, the employee may be subject to alcohol and controlled substance testing. [See #7 of Employee Responsibilities Section]

Random Alcohol and Controlled Substance Testing: Random testing is unannounced testing for alcohol and drugs administered in a statistically random manner throughout the year to covered drivers/employees employed by the City in ratios as required by the DOT regulations, so that all covered drivers/employees have an equal probability of selection each time a random test is administered. Random selection shall be determined by Employee Assistance Services by notifying a department manager twenty-four hours prior to the testing. The Department Manager will keep the information confidential until notifying the supervisors, at the beginning of a shift, which employees shall be required to report for testing. Employees selected for the random testing must proceed immediately to the testing site upon notification of selection. Random controlled substances testing shall be administered at a minimum annual rate of 50% of the average number of employees in safety sensitive positions. Random alcohol testing shall be administered at a minimum annual rate of 25% of the average number employees in safety sensitive positions. An employee shall be tested only while performing safety sensitive functions, immediately prior to performing or immediately after performing safety sensitive functions.

Return to Duty Testing: Any employee returning to duty requiring the performance of a safety sensitive function, after an alcohol test result of 0.02 or greater, will be required to undergo a return to duty alcohol test. Test must result in a breath alcohol concentration or less than .02 to return to duty. Any employee returning to duty requiring the performance of a safety sensitive function after a positive test result for prohibited controlled substances, will be required to undergo a return to duty controlled substances test. Test must result in a negative result for controlled substances use.

Before a return-to-duty test is performed after an alcohol test result of 0.04 greater, the employee must be evaluated by a substance abuse professional (SAP) who shall determine what assistance, if any, the employee may need and who shall determine whether the employee has followed recommendations of the SAP, including participation in any required rehabilitation program. The employee must receive clearance from the SAP and be able to return to duty within three (3) months of the initial alcohol test or be terminated (EXCEPTION: when further rehabilitation is mandated under Americans with Disabilities Act). The cost for the SAP and any recommended treatment shall be the responsibility of the employee.

Follow-up Testing: Once allowed to return to duty after a positive drug test or alcohol test result of 0.04 or greater, an employee shall be subject to unannounced follow-up testing for up to twenty-four (24) months. The frequency and duration of the follow-up testing will be recommended by a substance abuse professional (SAP) so long as a minimum of six (6) test are performed during the first twelve (12) months after the employee has returned to duty. Employees subject to follow-up testing must also remain in the standard Random pool. The cost for all follow-up testing shall be the responsibility of the employee.

7. DEFINITIONS:

Sec attached Appendix 1 -

8. DRUG AND ALCOHOL TESTING PROCEDURES:

Alcohol:

Alcohol testing of covered drivers/employees will be administered by a Breath Alcohol Technician (BAT) who has completed the equivalent of the DOT's model course, as determined by the National Highway and Traffic Administration, and who is trained in utilizing an evidential breath testing (EBT) device that conforms to the DOT requirements. The EBT used for testing shall meet the standards promulgated by the DOT and shall have a quality assurance plan (QAP) developed by the manufacturer to insure proper calibration. Testing will be conducted in a location that affords visual and aural privacy to individuals being tested.

If the initial test reveals alcohol concentration of 0.02 or greater, a confirmatory test must be performed. The confirmatory test result is the final test result for the purpose of this policy. If the final test result reveals an alcohol concentration greater than 0.02 but less than 0.04, the covered driver/employee will be suspended from performing safety-sensitive functions for twenty-four (24) hours. If alcohol concentration is 0.04 or greater, the covered driver/employee will be suspended from duty without pay (For an in-depth explanation of the alcohol testing procedures please refer to Appendix B Department of Transportation of 49 CFR part 40 subpart C).

Quest Diagnostics will be retained to perform collection, testing, and chain of custody services to ensure the correct employee is tested and matched with the correct results. They will be required to follow the federal regulations to ensure compliance with the blind sample calibration of the EBT, laboratory certificates, and proper training of the BAT. Testing for alcohol will be taken on-site or at the laboratory, in a secure location and with the proper safeguards to ensure the integrity of the specimens collected.

If a screening or confirmation test cannot be completed, or if an event occurred that would invalidate that test, the BAT, will, if practicable, begin a new screening test, as applicable, e.g., using a new breath alcohol testing form with a new sequential test number (in the case of a screening test conducted on a EBT that meets the requirements of 40.53(b) or in the case of a confirmation test).

Drugs:

A Department of Health and Human Services (DHHS) certified laboratory will perform the drug testing on urine samples provided by covered drivers/employees. The drugs for which tests will be conducted are:

- a. Marijuana (THC)
- b. Cocaine
- c. Phencyclidine (PCP)
- d. Opiates (including heroin)
- e. Amphetamines

The cutoff levels for these drugs will be those set forth in DOT regulation.

The City will contract with the certified laboratory to ensure that the collection, shipment, testing and chain of custody procedures ensure the integrity of the testing process in accordance with the procedures set forth in the regulations.

Split sample urine testing will be utilized. This method requires that the urine specimen be divided into two (2) samples providing: one sample for preliminary screening and initial confirmation; and a second sample for the second test if needed at a later date. In a situation which the first sample tests positive the MRO shall notify the covered employee that he/she has seventy-two (72) hours in which to request a test of the second sample by another DHHS certified laboratory.

Independent of the requirements of the Omnibus Transportation Employee Testing Act of 1991 and the regulations promulgated thereunder, the City's policy, regarding the cost for testing at the second sample of the split sample, that is, if the covered driver/employee elects to have the second sample tested, will be as follows:

- (a) the covered driver/employee's responsibility if the second sample test results is positive; or
- (b) the City's responsibility if the second sample is negative.

The MRO will conduct a final review of all positive test results to assess possible alternative medical explanations for the positive test results before they are reported to the City, and before any action is taken to remove employee from safety-sensitive duties. If the employee provides appropriate documentation and the MRO determines that there is a legitimate medical use of the prohibited drug, the test result will be reported as negative. (For an in-depth explanation of the drug testing procedures please refer to Appendix B Department of Transportation 49 CFR part subpart B)

9. COMPLIANCE WITH DOT REGULATIONS:

1. The City will ensure that alcohol and drug test information is maintained in a confidential manner in conformity with the DOT Rule 49 CFR Part 40.
2. The City will ensure that all contracts between the City and any other entity involved in the alcohol and drug testing program will comply with the procedures set forth in the DOT Rule 49 CFR Part 40.
3. The City will conform to the requirements of DOT 49 CFR Part 40 in all aspects.

10. CONSEQUENCES FOR COVERED DRIVERS/EMPLOYEES:

A covered driver/employer shall not perform safety-sensitive functions, including driving a commercial motor vehicle, if the covered driver/employee has engaged in conduct prohibited by this policy or an alcohol or drug rule of any DOT agency.

Then City will not permit any driver to perform safety-sensitive functions, including driving a commercial motor vehicle, if said driver has tested positive for alcohol and/or drugs.

Independent of the requirements of the Omnibus Transportation Employee Testing Act of 1991 and the regulations promulgated thereunder, covered drivers/employees who have been found to have violated to the prohibited conduct under this policy will be subject to the following.

An employee who completes two (2) years free from any drug violation under this policy shall be entitled to purge his/her personnel file of any such past violations.

I. INTRODUCTION AND GENERAL INFORMATION

A. General Policy Information

1. This Policy establishes uniform standards of pre-employment drug and alcohol testing for non-U.S. Department of Transportation ("DOT") regulated employees to ensure confidentiality, reliability, and fairness in drug and alcohol testing.
 2. City of Plattsburgh recognizes that there are serious adverse effects caused by the abuse and misuse of drugs and alcohol in the workplace. As an employer, the city is committed to maintaining a drug and alcohol-free work environment providing the safe, efficient, and professional delivery of services to the community, and ensuring respect for the employee's rights. The City reserves right to modify this policy as necessary, with or without notice.
-

B. Effective Date of Policy

This Policy will become effective on _____. This Policy shall be made available to employees via computer and/or hardcopy form in the appropriate CBAs. The city may require that employees and prospective employees provide written acknowledgement of receipt and understanding of this Policy.

C. Applicability of Policy.

1. This Policy applies to all employees, applicants, and volunteers or other persons working on behalf of the City, as warranted, and permitted by applicable laws, agreement, or contract in non-DOT regulated positions. Compliance with this Policy is required and is a condition of employment and/or continued service.
2. Where the term "employee" appears herein, such shall also apply to volunteers and other persons working on behalf of the City, as warranted, and permitted by applicable laws, agreement, or contract, and in no way shall such affect that person's status.
3. All employees and applicants shall comply with this Policy and all applicable laws, including the Drug-Free Workplace Act. Employees or applicants that perform DOT regulated positions, including safety-sensitive positions as defined by the Federal Transit Administration ("FTA") and/or the Federal Motor Carrier Safety Administration ("FMCSA"), shall refer to and comply with the City of Plattsburgh DOT Drug and Alcohol Testing Policy.
4. This Policy does not include consuming alcohol at social or business functions that the City sponsors where alcohol is served. Even at these functions however, employees may not consume alcohol to the point of intoxication or to the point where they endanger their own safety or the safety of others. In addition, employees involved in security and employees who work with heavy or dangerous machinery or materials may not consume any alcohol at these functions if they will be returning to work that same day. Employees may not consume alcohol to the point of intoxication or consume alcohol if they are going to drive. In addition, employees must always conduct themselves professionally and appropriately while on City business.

II. PROHIBITED SUBSTANCES

A. Illegal Drugs

1. Except as permitted by New York Law, Employees shall not use, possess, manufacture, be under the influence of, or distribute illegal substances identified in Schedules I through V of Section 202 of the Controlled Substance Act (21 U.S.C. § 812), Title 21 C.F.R., or as otherwise defined in New York statutes, or any unauthorized prescriptions medications, or use or be under the influence of synthetic cannabinoid or other like substance. Employees will be tested for the following drugs or classes of drugs:

a. Amphetamines -Amphetamine, Methamphetamine b. Cocaine - Benzoylcegonine d. Opiates- Codeine, Morphine, 6-Acetyl Morphine (Heroin metabolite), Hydrocodone, Hydromorphone, Oxycontin e. Phencyclidine – PCP

B. Prescription Drugs

The misuse or abuse of prescription drugs is prohibited if it causes a positive test which cannot be medically explained and verified by the medical Review Officer (MRO). All prescriptions must be properly administered and followed and issued in the employee's name by a licensed physician.

C. Alcohol

Employees shall not use, possess, manufacture, be under the influence of, or distribute alcohol while on duty. While at a work site, or while operating a City or other vehicle or equipment on City business, engage in illegal activity involving alcohol while off duty or consume alcohol four (4) hours prior to a work shift.

III. CATEGORIES OF TESTING

A. Types of Testing

Analytical testing of urine of covered employees (for prohibited drugs) and of breath (for alcohol misuse) shall be conducted as provided by this Policy and as may be required by law.

1. Pre-Employment Testing
2. Reasonable Suspicion Testing
3. Post-Accident Testing
4. Random Testing
5. Return to Duty Testing
6. Follow-Up Testing

B. Pre-Employment Testing (Drugs only)

1. Non-DOT regulated employees and applicants offered employment are subject to post-offer, pre-employment testing (except for alcohol) when the position requires the employee to perform safety sensitive functions.
2. All applicants for employment in, or assignment to a covered position, or transfers to such positions or assignments shall be tested for prohibited drugs.
3. Refusal to submit to such test will foreclose any further action on the applicant's employment for at least six (6) months.
4. An applicant who fails a drug test shall not be hired for, or assigned to, a covered position.

C. Reasonable Suspicion Testing

1. Covered employees are prohibited from using prohibited drugs or misusing alcohol as described herein. A covered employee who is reasonably suspected by a supervisor of using a prohibited drug or the misuse of alcohol, or both, shall be administered a drug test (urine) or alcohol test (breath) or both, as appropriate.
2. An individual notified of testing under this category shall report to a designated collection site immediately by transportation provided by the City. The employee shall not be allowed to drive himself/herself to the testing facility. No stops at other locations by the driver during the transportation process are allowed.
3. The determination that an employee is reasonably suspected of using a prohibited drug or the misuse of alcohol, or both, shall be made by a supervisor or manager or other officer in charge of a shift. The person who makes the determination that reasonable suspicion exists to conduct drug or alcohol testing shall not conduct the actual test of the employee.
4. While the term "reasonable suspicion" does not lead itself a precise definition or mechanical application, vague, non-particular, unspecified, or rudimentary hunches or intuitive feelings do not meet the standard.
5. Reasonable suspicion is the quantum knowledge sufficient to induce an ordinary prudent and cautious person to act under the circumstances. Reasonable suspicion must be directed at a specific person and be based on specific articulable facts as well as the logical inferences and deductions that can be drawn from those facts.
6. Reasonable suspicion may be based upon other matters including observable phenomena such as direct observation of use and/or the physical symptoms of using or being under the influence of substances which violate this Policy such as:
 - Slurred speech
 - Irregular or unusual speech patterns
 - Impaired judgement
 - Alcohol odor on breath
 - Disorientation
 - Pattern of abnormal conduct or erratic behavior, or

- Information provided by reliable and credible sources, or which is independently corroborated indicating use or misuse of drugs prohibited by this Policy, or the misuse of alcohol.
 - When an appropriate supervisor or officer in charge of a shift believes that the available facts objectively indicate that reasonable suspicion exists that a test of the employee would yield a positive result for substances in violation of this Policy, documentation of such facts shall be maintained in writing.
7. Such supervisor or officer shall exercise care and accurately document the objective facts contributing to and forming the basis for the reasonable suspicion. These facts must include a description of the employee's appearance and demeanor, the observations of witnesses, and the nature and source of the information.
 8. Where reasonable suspicion arises, in whole or in part from the observations made by a confidential informant, the supervisor or officer shall simply record the name and location of the employer of such informant and not the informant's name. Confidential informant shall be an employee or agent of any of the following: Plattsburgh Police Department, or any other governmental law enforcement agency.
 9. Alcohol testing is authorized only if the observations stated above are made during, just preceding, or just after the period of the workday that the employee is required to be in compliance with the restrictions on alcohol use. When a supervisor or officer in charge of a shift determines that a reasonable suspicion alcohol test should be administered, the employee shall not perform or continue to perform his or her duties until:
 - a. an alcohol test is administered and the employee's alcohol concentration measures less than .02, or
 - b. the start of the employee's next regularly scheduled duty period, but not less than eight (8) hours following the determination that there is reasonable suspicion to believe that the employee has engaged in misuse of alcohol.

D. On-Duty Post-Accident Testing

1. For purposes of the Policy, the term "accident" means an occurrence associated with the operation of a vehicle causing
 - a. the death of an individual,
 - b. bodily injury to an individual who immediately receives medical treatment away from the scene of the accident, or
 - c. damage to one or more vehicles requiring the vehicle to be transported away from the scene by a tow truck or other vehicle.
2. Each covered employee involved in an accident shall be tested for alcohol and drugs if the accident involved the loss of human life or if the employee received a citation under state and local law for a moving traffic violation arising from the accident.
3. An employee who is subject to post-accident testing shall remain readily available for such testing or may be deemed to have refused to submit to testing. Nothing in this paragraph shall be construed to require the delay of necessary medical attention for injured people following an accident or to prohibit an employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident, or to obtain necessary emergency medical care.
4. A post-accident alcohol test shall be administered within eight (8) hours of the accident. A post-accident drug test shall be administered within sixteen (16) hours following the accident

E. Random Testing

1. All covered employees shall be subject to random drug testing.
2. The selection of employees for random drug testing shall be made by a scientifically valid method such as a random number table or a computer-based random number generator that is matched with the employee's social security number, payroll identification number or other comparable identifying number. Each employee shall have an equal chance of being tested each time selections are made.
3. The number of random drug tests conducted each year shall be equal to at least 50% of the number of employees subject to random drug testing.
4. Random drug tests are unannounced and the dates of them shall be spread reasonably though out the calendar year.
5. Each employee who is notified of selection for random drug testing shall proceed to the test site immediately, or if the employee is on duty at the time of the notification, the employee shall leave duty as authorized by competent authority and proceed to the testing site as soon as possible. This will not apply to some Departments

as testing is done on-site. For those Departments who do not test on-site, employees selected for testing shall not be allowed to drive themselves to the testing facility, but instead will be transported by the City.

6. An employee shall be tested for alcohol upon reasonable suspicion or in accordance with a post-accident test. Applicants for covered positions will be tested for drugs but not alcohol.
7. If an individual who is selected for random testing is on long-term leave which is defined as leave anticipated to last at least thirty (30) calendar days, then that individual, at the Chief or Department Head/Manager's discretion, may be excused from testing and a substitute individual will be selected for testing. The employer shall not cause the testing entity to not test any individual randomly selected for testing unless such individual is on long-term leave.
8. As far as possible, covered employees will be sent to testing during regularly scheduled duty hours. However, they may be sent for testing while off-duty, if necessary, and paid according to the applicable collective bargaining agreement, policy, or law.

F. Random Testing

1. Before an employee returns to duty after engaging in alcohol misuse, the employee shall undergo a return-to-duty alcohol test with a result indicating an alcohol concentration of less than 0.02.
2. If an employee is to be returned to duty after engaging in drug use, the employee shall undergo a return-to-duty test indicating a verified negative result for drug use. This return-to-duty test does not apply in cases where a last chance agreement has been violated and a termination decision has been made by the Employer.

G. Follow-Up Testing

1. Following the determination by a Substance Abuse Professional (SAP) that an employee is in need of assistance in resolving problems associated with alcohol misuse, the employee shall be subject to unannounced follow-up testing as directed by a Substance Abuse Professional.
2. The number and frequency of follow-up tests shall be as directed by the Substance Abuse Professional and shall consist of at least six (6) tests in the first twelve (12) months following the employee's return to duty.
3. The employee's supervisor may direct the employee to undergo return-to-duty and follow-up testing for both alcohol and drugs if the Substance Abuse Professional determines that return-to-duty and follow-up testing for both alcohol and drugs is necessary for that employee.
4. Follow-up testing shall not exceed sixty (60) months from the date of the employee's return to duty.
5. Follow-up testing shall not be less than twelve (12) months. The frequency and duration of the follow-up testing will be recommended by a Substance Abuse Professional as long as a minimum of six (6) tests are performed during the first twelve (12) months after the employee has returned to duty. The cost of all follow-up testing shall be paid in full by the Employer.

IV. TESTING PROCEDURES FOR DRUGS

A. Testing Facility

1. All collection of urine for random testing shall be performed at a City facility or facilities or at the site of an independent health provider.
2. Employees shall be advised of the location of the testing site during training on alcohol and drugs and by a supervisor at the time testing is required.

B. Privacy Assured

1. The collection site for urine samples will provide a privacy enclosure for urination, a toilet, a suitable clean writing surface, and a water source for hand washing which, if practicable, will be outside the privacy enclosure.
2. Any water source within the privacy enclosure will be secured to prevent its use to adulterate the urine sample.

C. Privacy Not Assured

The employee will be assured of privacy during urination except in circumstances where there is evidence that prior sample was altered, adulterated, or tampered with, in which case, a retest will be required, and privacy will not be assured.

D. Split Specimen

1. The urine specimen must be split and poured into two specimen bottles.
2. This provides the employee with the option of having an analysis of the split sample performed at a separate laboratory if the primary specimen test result is verified positive after initial screening.
3. A second, confirmatory test is to be accomplished by gas chromatography or mass spectrometry.
4. The employee is responsible for payment for the second, confirmatory test.

E. Test Laboratory

1. Urine testing will be conducted at a laboratory certified by the U.S. Department of Health and Human Services.
2. No employee of the Employer or the City will be engaged in the testing process.

F. Cutoff Levels

1. Cutoff levels as established for each drug class by the Department of Health and Human Services (DHHS) shall be utilized for initial and confirmatory testing.
2. Tested levels which fall below these cutoff levels shall be considered negative results.

G. Medical Review Officer

1. All drug testing laboratory results will be reviewed by a qualified Medical Review Officer (MRO) to verify and validate test results.
2. An MRO is a licensed physician responsible for receiving laboratory results generated by a drug-testing program that has knowledge of substance abuse disorders and has relevant training and qualifications.

H. MRO Review and Interpretation

1. The MRO will review and interpret all confirmed positive tests by reviewing the employee's medical history, including any medical records and biomedical information provided.
2. This affords the employee a reasonable opportunity to discuss the test result and will decide whether there is a legitimate medical explanation for the result including legally prescribed medication.

I. Notification of Positive Test

The MRO will notify each employee who has a verified positive test that the employee has seventy-two (72) hours in which to request a test of the split specimen.

J. Removal from Duty

1. Upon completion of the MRO's review, the MRO shall report each verified test result to the Employer's designated agent who will immediately notify the Police Chief or Department Head/Manager of the result.
2. Once notified of a verified positive test result, the Police Chief or a person authorized by the Police Chief, or the Department Head/Manager will remove the employee from duty.
3. Removal from duty will be immediate and will not await the results of any test of the split specimen.

V. TESTING PROCEDURES FOR ALCOHOL

A. Breath Specimen

1. All collection of breath for random testing shall be performed at a City facility or facilities or at the site of an independent health provider.
2. Alcohol testing shall be conducted by collection of a breath specimen through the use of an Evidential Breath Testing device (EBT) that is approved by the National Highway Traffic Safety Administration or the NYS Division of Criminal Justice Services.
3. The test must be performed by a Breath Alcohol Technician (BAT), who is trained to proficiency in the operation of the EBT being used and in the alcohol testing procedures specified in the regulations.

B. Identification of BAT

The person who will serve as the BAT will be identified to employees and by a supervisor at the time of selection for an alcohol test.

C. Privacy

In so far as possible, alcohol tests will be conducted at a site that provides privacy to the individual being tested.

D. Identification

1. Upon arrival at the alcohol collection site, the employee must provide positive identification to the BAT.
2. After testing procedures are explained to the employee, the employee and the BAT must complete, date, and sign the alcohol testing form.

E. Screening Test

1. The BAT will open an individually sealed, disposable mouthpiece in view of the employee and attach it to the EBT. The BAT will instruct the employee to blow forcefully into the mouthpiece for at least six (6) seconds or until an adequate amount of breath has been obtained.
2. Following the screening test, the BAT must show the employee the result displayed on the EBT or a printed result. If the result of the screening test is an alcohol concentration of less than 0.02, no further testing is required, and the test will be reported to the Employer as a negative test. The Employee may then return to his or her duty.

F. Confirmation Test

1. If the result of the screening test is an alcohol concentration of 0.02 or greater, a confirmation test must be performed.
2. The confirmation test must be conducted at least fifteen (15) minutes, but not more than twenty (20) minutes, after completion of the initial test. The employee will be instructed not to eat, drink, or put any object or substance in his/her mouth while awaiting this confirmation test. The confirmation test will be performed whether or not the employee complies with such instructions.
3. The confirmation test is conducted using the same procedures as the screening test. A new mouthpiece will be used.
4. If the initial and confirmation test results are not identical, the confirmation test result is deemed to be the final result.
5. The BAT will transmit all results to the Employer's designated agent in a confidential manner. If the employee must be removed from duty, the BAT will notify the Police Chief or designee, or the Department Head/Manager/Manager, and the employee will be removed from duty without delay.
6. Where a reasonable suspicion or post-accident alcohol test indicates an alcohol concentration of 0.02 percent or more but less than 0.04 percent, the employee shall not return to duty until at least twenty-four (24) hours after such test.
7. The unauthorized use of alcoholic beverage on duty or in a way that impacts an employee's job duties may violate the Employer's disciplinary Policy, workplace rules or statutes.
8. Violation of any applicable Policy or law may subject the covered employee to discipline up to and including termination, to be dealt with in accordance with any applicable collective bargaining agreement.

VI. VOLUNTARY ACKNOWLEDGMENT AND REHABILITATION

A. Voluntary Acknowledgment- Self Disclosure

1. If no violations of this or other applicable Policy have occurred, employees who voluntarily acknowledge a substance misuse or abuse problem and request in writing a Medical Leave shall be approved for Medical Leave as long as the employee is eligible, and such leave does not exceed the total amount allowable in accordance with applicable City Policy and applicable laws.
2. Employee may use accruals (vacation, sick, compensatory) to attend any professionally approved drug and/or alcohol rehabilitation program recommended by the SAP subject to the approval of the City and at the employee's own expense until such employee has been released by the SAP (in writing) as being able to return to work and has undergone Return to Duty testing in accordance with applicable law and this Policy.
3. The employee shall be required to undergo follow-up testing as defined in this policy. If the result of any such testing is positive or if the employee fails to successfully complete rehabilitation, the City shall seek disciplinary action up to and including termination from employment as allowed by applicable policy and law.

4. If the employee's refusal to cooperate or failure to admit the condition for which treatment is recommended precludes the qualification or acceptance of the employee for treatment, the employee will be deemed not to have successfully completed rehabilitation.
5. Medical leave may be offered a maximum of one time to an employee for reasons related to drugs or alcohol throughout the duration of his or her employment whether or not his or her employment is continuous unless otherwise required by the Americans with Disabilities Act, the Family and Medical Leave Act, or other applicable law or contract.
6. An employee concerned about drug and/or alcohol use should immediately seek assistance from the Employee Assistance Program (EAP), substance abuse professionals, hotlines, and websites.

B. Rehabilitation Program

1. If an employee voluntarily acknowledges a substance misuse or abuse problem, or if the need arises at the discretion of the City, the employee may be referred to a rehabilitation program by the EAP if the employee is eligible.
2. The rehabilitation program shall consist of treatment deemed appropriate by the SAP. Such program may consist of a single counseling session, out-patient sessions, in-patient programs, or any other program appropriate for the circumstances.
3. The employee may be eligible to return to duty once rehabilitation has been successfully completed, and the SAP has determined the employee is fit to return to duty (in writing) and the employee has successfully completed the return to duty testing.
4. An employee who fails to appear for any of his or her appointments/sessions required as part of the rehabilitation program shall again be subject of disciplinary action up to and including termination of employment.

Instructions

Domestic Partnership Coverage Extended to ALL City Unions

A recent agreement with the AFSCME union representing the City of Plattsburgh AFSCME employees provides for the extension of coverage to the domestic partners of such City employees for enrollment in the City of Plattsburgh's health insurance program and dental vision programs administered by the City. Domestic partnership coverage has now been extended to all City unions including AFSCME Local 788, Plattsburgh Police Officer's Union Local 812, the Plattsburgh Permanent Firemen's Union Local 2421, IBEW Local 1249, and AFSCME Local 788 for the Plattsburgh Public Library.

To Determine if Your Domestic Partner Qualifies for Enrollment

Please read carefully these instructions and the attached information on the eligibility requirements including the affidavits you must both sign, the proofs you must submit, the enrollment application, and important tax information provided in the Policy.

Read This Entire Packet Prior to Completing It

At the end of this packet, you and your qualified domestic partner will be required to sign a sworn Domestic Partnership Affidavit acknowledging that you have received, read; and accept the rules, requirements and obligations outlined in this Domestic Partnership Affidavit. A copy of this document should be kept in a safe place for your records.

There are Three (3) Affidavits to Sign and Other Documents to Provide

The affidavits you are required to sign and the documents you are required to submit are only intended to establish the eligibility of your domestic partner for benefits available to you as a City of Plattsburgh employee. **It is recommended that you seek advice from your attorney regarding any possible legal and financial implications before you take the actions required to provide this benefit to a domestic partner.**

Guidelines

Eligibility:

Upon first certifying as domestic partners, your qualified domestic partner and his or her dependent children will be eligible for health benefits no earlier than thirty (30) days following the date this document is completed and presented to the Human Resource/Finance Office.

Annual Required Recertification:

For continued coverage, you and your qualified domestic partner must recertify and file a new **Domestic Partnership Affidavit** with all required documentation every twelve months. As long as you recertify by this annual deadline, there will be no additional waiting period for renewed eligibility. If you do not recertify by your annual deadline, your domestic partner and his or her dependent children will lose health coverage until you again certify your domestic partnership status.

One Domestic Partner:

You can have only one qualified domestic partner *or* one spouse active on your health plan at a time.

Summary Plan Description:

Health benefit coverage for qualified domestic partner and their dependents will respectively match those provided to spouses and dependents as stated in the City Healthcare Summary Plan Description. Qualified domestic partners and their dependents are also subject to the same Plan rules stated in the City Healthcare Summary Plan Description.

Qualified Beneficiaries for COBRA:

Domestic partners are not considered "qualified beneficiaries" under the federal COBRA laws and therefore will have no right under the law for continued self-pay benefits after a "qualifying event" which causes loss of health coverage.

Change in Domestic Partnership Status:

The covered member must notify the City within fifteen (15) days of any change in status as domestic partners which would change eligibility for City healthcare benefits. Upon termination of domestic partner status, the covered member must also submit a **Statement of Domestic Partnership Termination** to the Human Resource Office and mail a copy to the domestic partner within the same fifteen (15) day timeframe.

Residency Requirement:

Qualified domestic partners must prove that they have resided together and been financially interdependent for at least one year (12 months) prior to the submission of this affidavit. Any dependent children being enrolled for coverage must also have met this residency and financial interdependence requirement.

Frequently Asked Questions (FAQs)

Who Can be Covered as Domestic Partner?

Unmarried enrollees may cover same or opposite sex partners with whom they reside and have a committed, long-term relationship of mutual support, and for whom they have assumed long term financial responsibility or have mutual financial responsibility. See the **Affidavit of Domestic Partnership** for details.

Persons who live together for economic reasons, but who have not made a commitment to an exclusive enduring domestic partnership as described in these documents, will not be considered to be domestic partners for the purpose of enrollment in the City of Plattsburgh benefit programs.

STEPS	FORMS	PAGE
Step 1 - Complete	Affidavit of Domestic Partnership Form	7
Step 2 - Complete	Affidavit of Dependence Form	8
Step 3 - Complete	Affidavit of Residency and Financial Interdependence	9
Step 4 - Submit	Two (2) Proof of Financial Interdependence items One (1) Proof of Residence for each partner	10
Step 5 - Complete	BSNENY Health Insurance Enrollment Form	12

What is the Dependent Tax Affidavit?

If your partner qualifies as your dependent for federal tax purposes and you wish to avoid the additional taxes that may result from this benefit (see Income Tax Implications), you must complete the **Affidavit of Dependence** and return it with the other documents.

Note that applications filed without the required affidavits or proof will delay processing.

When Does Coverage Begin?

If you are enrolled in the City of Plattsburgh's health insurance plan, have satisfied the one-year residency and financial requirement, and you have submitted all required documentation to your Health Benefits Administrator on or before or within seven days of your partner's first eligibility, the coverage for your partner begins on the date of first eligibility.

If you apply more than seven days but less than 29 (>7 but <29) days after the date of first eligibility, coverage for your partner begins on the first day of the payroll period following the pay period in which you have submitted all required documentation to your Health Benefits Administrator.

If you apply 29 days or more (≥ 29 days) after the date of first eligibility, you will be subject to a late enrollment period and coverage for your partner will begin on the first day of the fifth payroll period following the payroll period in which you apply. Your partner's date of first eligibility is the day that is exactly one year later than the latest date on the supporting documents submitted with your application for coverage.

If you are not enrolled in the City of Plattsburgh's health insurance plan, coverage for both you and your partner may be deferred until you satisfy the new employee, or late enrollment waiting period. Ask your Health Benefits Administrator if you are required to satisfy a waiting period.

When Does Coverage End?

Coverage for your domestic partner will end on the day on which you and/or your partner no longer meet one or more of the requirements on the three (3) affidavits you both have signed.

The terms and conditions of your coverage require you to report this relationship termination within fifteen (15) days of its occurrence.

How Do I Report That the Partnership has Ended?

Within fifteen (15) days of the date the partnership ends, you must complete and submit the form Termination of Domestic Partnership. The form is available from Health Benefits Administrator or the HR Office and must be submitted immediately upon termination of the partnership. It is also attached to this policy.

Failure to file the form on a timely basis may have serious negative consequences for you and your partner. You may be liable for claims paid for your former partner for medical services rendered on and after the date the Termination of Domestic Partnership form is filed with the Health Benefits Administrator.

Are Dental and Vision Coverage Extended to the Domestic Partner?

If you receive these benefits from the City of Plattsburgh, they will be extended to your Domestic Partner, if and only if your Domestic Partner qualifies under the IRC Section 152.

What are the Income Tax Implications? When is "Imputed Income" Charged to Me?

Imputed Income: Under IRS rules, if a domestic partner is NOT a "dependent" within the meaning of Section 152 of the Internal Revenue Code (IRC), the "fair market value" of the partner's coverage, less any contribution by the enrollee, is treated as income for federal tax purposes.

Check with the City Chamberlain or HR for an approximation of the fair market value for the City of Plattsburgh administered health (medical and prescription), dental and vision coverages.

These values referred to as "imputed income," will be added to your annual salary for income tax purposes and will apply even if you cover other dependents in addition to your partner.

When is "Imputed Income" Not Charged to Me?

If your partner DOES qualify as a dependent under IRC 152, there will be no imputed income.

You must complete the Dependent Tax Affidavit and submit it with your other enrollment documents.

What are the Pre-Tax Contribution Program Implications?

Under IRC Section 125 rules governing pretax contributions, a domestic partner is not an eligible dependent unless they qualify under Section 152.

Therefore, if your partner is a NOT a covered dependent, the part of the premium you pay for the dependent portion of your health insurance coverage will be deducted on a post-tax basis.

The W-2 form issued by the Office of the City Chamberlain at the end of the tax year will show only the amount of your premium for the Individual portion of your coverage on a pre-tax basis.

Are My Partner's Children Eligible for Coverage?

You may provide coverage under the City administered benefit programs for your partner's child (children) if the child permanently resides in your household and you provide more than 50% of the child's support.

To enroll the child, ask your Health Benefits Administrator for the **Affidavit of Dependence Form**. After you complete the form and return it to your Health Benefits Administrator, you will be advised if the child is eligible for coverage. Documentation of the statements made on the **Affidavit of Dependence** may be required.

No dependents of a Domestic Partner other than children can be covered under this Domestic Partner program.
